“In 2015 we began our business adventure with *West Belfast Social Enterprise*. During this time, and thanks to a dedicated team, we have received **training, ideas, a space to work, contacts** and most importantly **friendship**. It has been a year of hard work and without the helping hand of the team would not have been possible.”

Miguel A. González,
Director Breochloch

“From day one **nothing was a problem**. In fact we have been receiving calls from them offering further and **incredibly valuable support** – particularly concerning issues around **social media and advertising**, where we were very lacking. We in Coiste are **very thankful to our local enterprise hub**, its staff and all that they offer. *Maith sibhse.*”
